

5.1.2017 This is a disposed of writ application.

has been filed assailing the withdrawal of Rules, vide Annexure-8 on the premises that for withdrawal of the Rules, the service conditions of the petitioners have been affected.

Strangely enough the petitioners though have challenged the action of the authority in withdrawing the Rules under Annexure-8, but there is no filing of their appointment orders. At least it prima facie establishes that the service conditions of the petitioners have been affected by withdrawal of the Rules under Annexure-8, in absence of which there cannot be any effective adjudication of the writ application.

The writ application stands dismissed.
